

CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING	3
Buyanovskiy A.A., Tortik N.I. Structural and aggregate composition of ordinary Tarutynska Steppe chernozems under different conditions of their use.....	3
Hrechyshkina T.A. Economic efficiency of growing winter wheat varieties depending on the fertilization system and plant protection methods in the Southern Steppe of Ukraine.....	10
Gulamova A. Species included in the genus <i>Sorbus</i> L. which spread in the flora of the Nakhchivan Autonomous Republic.....	17
Izholdin O.O. Rate and level of variability of winter wheat under the action of gamma rays.....	27
Kalantyr V.V., Hospodarenko H.M., Liubych V.V., Polianetska I.O., Zhelyezna V.V. Productivity indices of winter durum wheat under different fertilization systems in crop rotation.....	34
Kozlova O.P., Domaratsky Ye.O. Features of hybrid persimmon cultivation in combined gardens in the South of Ukraine.....	41
Korkhova M.M., Nikonchuk N.V., Panfilova A.V. Adaptive potential of new winter wheat varieties in the conditions of the Southern Steppe of Ukraine.....	48
Lemishko S.M., Chernykh S.A., Pashova V.T. Assessment of the spread and development of pea diseases under various abiotic and anthropic factors.....	56
Makukh Ya.P., Remeniuk S.O., Kopchuk K.M. Crop productivity depending on crop rotation systems, different fertilization patterns, elements of biologization in the zone of unstable humidification of Ukraine.....	64
Markovska O.Ye., Dudchenko V.V., Stetsenko I.I. Monitoring of diseases of plants of the genus <i>Lavandula</i> L.....	72
Mynkin M.V. The influence of basic tillage depth and nutrition background on the yield of sugar beets under irrigation.....	78
Mynkina G.O. The level of weeds and yields of sunflower crops depending on basic tillage.....	85
Nevmerzhytska O.M., Karas I.F., Plotnytska N.M., Hurmanchuk O.V. The influence of wet bacterial rot on the productivity of different potato varieties.....	91
Nepran I.V., Romanova T.A., Romanov O.V. The effectiveness of biologically active substances in the cultivation of chickpeas.....	98
Orekhivsky V.D., Kryvenko A.I., Pochkolina S.V., Solomonov R.V. The influence of different systems of basic tillage in short-rotation crop rotations on grain volume weight of winter wheat.....	106
Plotnytska N.M., Nevmerzhytska O.M., Hurmanchuk O.V., Overzmyradova O.B., Puzdrach A.M. Effectiveness of insecticides for protection of cultivated apple from American white butterfly.....	111
Polischuk V.O., Zhuravel S.V., Kravchuk M.M. Evaluation of the effectiveness of liquid complex fertilizers in the system of fertilizing pea-oat mixture under the conditions of Ukrainian Polissia.....	117

Potapsky Y.V., Bezikonnyy P.V., Tarasiuk V.A. Application efficiency of chitosan phyto regulators in carrot crops under the conditions of the Right-bank Forest-steppe of Ukraine.....	123
Sakhnenko V.V., Dolya M.M., Sakhnenko D.V., Kostrych D.V. Substantiation of monitoring the reproduction and control of the distribution of phytophagous insects in the field crop rotations of the Forest-Steppe of Ukraine.....	131
Chuhrii H.A. Growth and development of winter wheat plants depending on sowing dates under the conditions of the Northern Steppe of Ukraine	139
Shevchenko I.V., Nikonchuk N.V. “ECO-250”: promising equipment for effective and safe weed control in vineyards.....	144
Yurchenko S.O., Bahan A.V., Pelykh V.Y. Effect of growth stimulator Foliar Concentrate on the yield of table grape varieties	151
ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS	158
Borshch O.O., Borshch O.V., Babenko O.I. The influence of interbreed crossing on protein composition, nutritional and energy value of milk of first-calf heifers	158
Valentiuk N.O., Yurkevych Ye.O., Kohut I.M. Elements of amaranth cultivation technology and post-harvest processing of amaranth grain	167
Vedmedenko O.V. Efficiency of early feeding of concentrated feeds to heifers of the Ukrainian black-and-white dairy breed	174
Zinkovska S.V., Papakina N.S. Effectiveness of the preparation of breeding rams for the mating campaign	181
Karpenko O.V., Samoilenko A.M. Research on the influence of different parameters of poultry stunning on qualitative indicators of carcasses	186
Koval T.V., Prylipko T.M. Nervous-hormonal regulation of protein secretion by the mammary gland in goats.....	193
Korbych N.M., Odnorih S.Iu. The influence of the origin and color of grease on the productivity of the Tavrian type of Askanian fine-fleece ewes	201
Kryvyi V.V., Martsinyuk O.Y. Photoperiodism in poultry farming	208
Lytvyshchenko L.O., Izhboldina O.O., Kapshuk N.O. The level of milk productivity of cows of the third lactation depending on the age of their mothers in lactations	214
Lyubenko O.I., Kuznetsova K.N. The influence of water on the productivity of laying hens of the NOVOGEN BROWN strain	220
Lyubenko O.I., Sementsova L.O. Improvement of incubation qualities of eggs of the Gorky breeding group of geese through the application of iodine-containing preparations	226
Osadcha Yu.V. The influence of group size of hens on their viability and reproductive function	232
Oskyrko T.O., Papakina N.S. Stability of wool productivity of sheep	238
Pankeev S.P., Nymchin M.V. Substantiation of the technology of pork production under the conditions of the farm Dnister (Kherson district, Kherson region)	243

Pankeev S.P., Tsaruchenko A.V. Production traits of pigs of specialized meat breeds of foreign selection under the conditions of the Dniester farm (Kherson district, Kherson region)	251
Pelykh V.H., Shishman V.V., Ushakova S.V. Peculiarities of soft cheese production using plant fiber.....	258
Pelykh N.L. Efficiency of fattening pigs of different genotypes.....	262
Pelykh N.L., Kolesnikova K.Yu. Hybridization in industrial pig farming	269
Sakhatsky G.I., Desiatskyi S.P. Simulation of the concentration of E-vitamin and malonic dialdehyde in the liver and testes of poultry	275
Sobol O.M. Ecological and hygienic assessment of different class dry food for feeding adult cats.....	282
Chernyshov I.V., Stepanchenko Yu.O., Blahyda O.S. Evaluation of the quality of canned meat and vegetables of different formulations	290
MELIORATION AND SOIL FERTILITY	294
Zalevskiy R.A., Ilyinskiy U.M., Pasichnyk I.O. The effects of systematic fertilizing on the fertility of sod-podzol soil under hop cultivation.....	294
Morozov O.V., Morozov V.V., Kozlenko Y.V. Theoretical-methodological and technological aspects of developing expert systems for monitoring the efficiency of horizontal drainage of irrigated lands	301
ECOLOGY, ICHTHYOLOGY AND AQUACULTURE	310
Breus D.S., Biloshkurenko O.S. Processing of vegetable residues and their impact on the agroecological condition of soil.....	310
Kornienko V.O., Olifrenko V.V., Rozhkov V.V. Biological characteristic of the bream <i>Abramis brama</i> L. in the Dnieper-Bug mouth region.....	316
Reznikova V.V. Ecological problems in the textile industry.....	324
