

CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING.....	3
Aralova T.S., Reznichenko V.P., Kryvokhyzha Ye.M. Environmental aspects of agronomy: ways of sustainable development.....	3
Boyko M.O. Sorghum as a food product: prospects and new opportunities.....	15
Vakhniy S.P., Voytko A.V. Yield structure and grain quality of spring soft wheat depending on the elements of cultivation technology.....	22
Hadzalo Ya.M., Vozhehova R.A., Likar Ya.O. Grain yield of maize hybrids depends on elements of agrotechnology under irrigation.....	34
Gurtovenko V.O., Tsyuk O.A. Changes in agrophysical indicators of typical chernozem in sunflower agrocenoses.....	42
Dolia M.M., Moroz S.Yu., Panchuk T.V., Popovych M.V. Features of maize entomocomplex formation under anthropogenic load in short-crop rotations in Ukraine.....	48
Zhuikov O.G., Averchev O.V. Domestic agricultural organic market: current state and prospects under modern transformational processes.....	55
Zabarna T.A., Biletskyi O.V. Varietal resources and importance of winter barley in agricultural production.....	65
Korkhova M.M., Panfilova A.V. Yield of winter wheat varieties depending on moisture and nutrition conditions	72
Laslo O.O., Marinich L.H., Kocherha A.Yu. Efficiency of application of biological growth regulators on winter wheat in the conversion period to organic production	81
Li Zhuitsze, Dudka A.A. Varietal features of soybean productivity formation using growth regulators with antistress effect under the conditions of the Left Bank Forest-Steppe of Ukraine	88
Maliarchuk V.M., Maliarchuk A.S., Revto O.Ya. The influence of technological growing methods on the productivity of seeding alfalfa	96
Manzhos M.M., Tomashuk I.V. Main trends in crop production in Ukraine: forecasts and prospects	106
Marchenko T.Yu., Piliarska O.O., Mishchenko S.V., Bazylenko Ye.O., Marchenko V.D., Lavrynenko Yu.O., Economic assessment of growing of maize hybrids of different FAO groups in the conditions of the Northern Steppe of Ukraine...	115
Mytsyk O.O., Havriushenko O.O., Shevchenko S.M., Rudas V.O., Grabko V.V. Physic-chemical assessment of the bottom sediments of the Kakhovka Reservoir as a result of military-technogenic influence	125
Ovcharuk V.I., Ovcharuk O.V., Tkach O.V., Stepanchenko V.M., Padalko T.O., Tkach L.V. Influence of pre-soaking of tomato seeds in solutions of salts of micro elements on commodity products.....	132
Okselenko O.M., Nazarenko M.M. Cytogenetic variability under the action of epimutagen in winter wheat.....	141
Radchenko M.V., Zheldubovskiy M.S., Skydan M.S. The influence of varietal characteristics on the formation of elements of productivity of winter wheat in the conditions of the North-Eastern Forest Steppe of Ukraine.....	148

Synar M.M. Dependence of field germination and overall survival of winter wheat plants depending on the influence of mineral fertilizer and seeding rates.....	154
Sendetskyi V.M., Melnychuk T.V., Lozovyi O.A. Effectiveness of the use of post-harvest residues and siderate in spring barley growing technology	159
Skoryk V.V., Symonenko N.V., Karnaukh O.B., Lozinska A.S., Koval H.V. Influence of precursors and systems of main tillage on sugar beet productivity	166
Stankevych S.V., Matviienko V.M., Zabrodina I.V. Assortment of protection tools of sunflower against harmful organisms in Ukraine in 2017–2018.....	172
Titov I.O., Zhukova L.V., Stankevych S.V. Main diseases in winter barley crops in Southern Ukraine	182
Tomashuk I.V., Horobchuk R.O. Socio-economic potential of the agrarian sector of Ukraine: prospects for development and opportunities for improving the efficiency of its use.....	193
Feshchenko V.V., Vasylenko O.V., Khimich M.I. Agro-ecological features of the features of productivity formation of lettuce with the application of biohumus ...	202
Flakei V.V. Dependence of indicators of protein content, oil and yield of soybeans on biological preparations and tillage systems	208
Furman V.M., Solodka T.M., Moroz O.S., Opanasyuk D.V. Monitoring of pests in cereal crops	215
Khoroshun I.V., Nazarenko M.M. Peculiarities of realization of yield and quality properties in winter wheat varieties	222
Shkatula Yu.M., Zabarna T.A., Chereschnyuk V.V. Dynamics of the number of nodules depending on the inoculation of soybean seeds and foliar feeding	229
Yarchuk I.I., Poznyak V.V., Lemishko S.M., Chernykh S.A., Pashova V.T. Productivity of winter wheat using Chlormequat-Chloride 750 with different of feeding.....	236
ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS	246
Barabolia O.V., Pischalenko M.A. The impact of after-harvest ripening on quality indicators of winter wheat grain	246
Bordun O.M., Khalak V.I., Gutyj B.V., Usenko S.O., Danilova T.M., Shaferivskyi B.S., Fesenko O.H. Breeding value and productivity of sows of the large white breed of foreign selection.....	257
Verbuch I.V., Bratkovska G.V. The influence of microclimatic factors on the fattening qualities of pigs.....	266
Deshchenko O.S., Lykhach A.V. Influence of ventilation type, season and age of boars on cortisol concentration in their blood	275
Ivanov V.O., Konks T.M., Fomichenko M.O. Effectiveness of vermihumus and biopreparation “Nanoverm” in feeding pigs	287
Kalinka A.K. The meat productivity of Bugai cattle of various created new productive genotypes of the Simmental cattle breed of the combined direction of productivity at an average level of feeding in the conditions of the foothills of the Carpathian region of Bukovyna.....	296

Kalinka A.K., Lesyk O.B., Tomash L.V., Vdovichenko Yu.V., Shpak L.V. Meat productivity of Bugai cattle of a new population of the Bukovyna zonal type of the meat Komologo Simmental ruminant when reared on intensive ration recipes in the conditions of the foothill zone of the Carpathian region of Ukraine	305
Koroban M.P., Lykhach V.Ya. Histological features of muscle tissue structure in young pigs of modern genotypes	314
Kramarenko O.S., Kramarenko S.S. The genetic polymorphism ESR1_intron 3 (PvuII) and its relationship with litter size in sows: a meta-analysis.....	323
Kruk O.P. Conformation of carcasses and quality characteristics of beef from bulls of the ukrainian black-and-white dairy breed	334
Kurchenko V.O., Nesterenko O.S., Marenkov O.M. Development of heliculture in Ukraine (review)	341
Liuta I.M. Influence of thermal stress on the reproductive qualities of sows.....	348
Prylipko T.M., Koval T.V. Use of a semi-concentrated amino acid additive in the feeding of repair young broiler chickens	355
Reznichenko V.I., Lykhach V.Ya. Productive traits and state of intestinal microbiota of suckling piglets depending on feeding of whole milk replacers	360
Tkachenko T.Yu., Golubenko T.L., Golembivsky S.O. Genotypic and paratypic factors shaping the productivity of calves of different genotypes	372
MELIORATION AND SOIL FERTILITY	383
Bazaliy V.V., Larchenko O.V. Breeding and genetic studies of the resistance winter soft wheat to brown rust and different conditions of plant moisture supply.....	383
Vradii O.I., Saliamon A.V. Ecotoxicological assessment of soils of the agroecosystem of the Right Bank Forest Steppe	397
Kulidzhanov E.V. State Institution “Soil Protection Institute of Ukraine” as solis monitoring operand in Ukraine	404
ECOLOGY, ICHTHYOLOGY AND AQUACULTURE	411
Bondar Yu.O., Pustova S.O., Didenko I.A., Marchenko O.A. Ecological assessment of ¹³⁷ Cs migration in the territory of Holosiivskyi Park	411
Laslo O.O., Holovan L.V., Chupryna Yu.Yu. Monitoring of land resources: reasons for the spread of exogenous geological processes	418
Ovdiuk V.M. Foreign experience in the use of filters in aquaculture systems: theory and practice.....	424
