CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING 3

Balabash V.S., Drobit O.S., Vlashchuk A.M., Patyk S.M. Economic and energy efficiency of winter rapeseed cultivation in Southern Ukraine 3

Vilchynska L.A. Important agronomic characteristics and yield of winter rye varieties and hybrids 12

Haidai I.V. Chlorophyll content in soybean leaves under the application of biological preparations 19

Hanhur V.V., Kyrychok O.O. Water consumption of spring barley depending on fertilization and crop protection system under the conditions of the Left-Bank Forest-Steppe of Ukraine 25

Zhyhailo D.S., Marchenko T.Yu., Piliarska O.O., Mishchenko S.V., Lavrynenko Yu.O., Marchenko V.D. Formation of the yield structure of soft winter wheat varieties (Triticum aestivum L.) depending on elements of agricultural technology in the conditions of Southern Ukraine 31

Zhygailo T.S., Volvach O.V., Zhygailo O.L. Impact of drought intensity on winter wheat productivity under climate change conditions in Odesa region 43

Karbivska U.M., Simchuk A.P., Shelenko D.I., Hryhoriv Ya.Ya., Husak V.V., Novosad K.B. Modern trends in the development of soybean production in Ukraine and the world 55

Koval V.S. Assessment of the manifestation of economically valuable traits of introduced potato varieties in the conditions of Polissya, Ukraine 62

Kopelets B.V., Koval D.O., Kulyk M.I., Tsyrkalo M.M. Influence of weather conditions and fertilization of cultivation on the yield and the output of soft winter wheat seed 69

Korkhova M.M., Khonenko L.G., Mykolaychuk V.G. Productivity of hybrids of sweet sorghum in the conditions of the Southern Steppe of Ukraine 82

Kotiuk R.V., Masyk I.M. Weed management in crop rotations for organic production in the North-Eastern Forest-Steppe of Ukraine 89

Kulidzhanov E.V. Inheritance of berry color among the progeny of red-berried grape varieties 98

Lykhovyd P.V., Averchev O.V., Chaban V.O. Agroecological analysis of the relationship between evapotranspiration and severity of climate aridity 107

Lykhochvor V.V., Andrushko M.O., Andrushko O.M. Yield of winter pea varieties depends on sowing rate in the Western Forest-Steppe of Ukraine 117

Mokrienko V.A. Agrobiological efficiency of maize cultivation across the regions of Ukraine 126

Nevidnychyi O.S. Althaea officinalis L. as a promising medicinal crop: agrotechnological factors of productivity and raw material quality 136

Netis I.T., Serhieiev L.A., Kohut I.M., Onufran L.I. The periodicity of non-harvesting years of winter barley in the South of Ukraine 144

Nochvina O.V. Correlations between yield components in a new buckwheat starting material 150

Osipov M.Yu. Comprehensive evaluation of Hydrangea L. species based on their ornamental and biological characteristics 158

Palamarchuk V.D., Krychkovskyi V.Yu. Influence of sowing dates on the productivity of soybean varieties under the conditions of the Right-Bank Forest-Steppe 164

Pantsyreva H.V., Tsyhanska O.I., Pankova S.O., Kozynska A.M. Ecological and economic analysis of plant choice in the system of sustainable greening of generally used areas 177

Panchuk T.V., Bikin A.V., Kucher L.I. Optimization of sunflower nutrition using elements of precision agricultural production 187

Pitsyk Yu.V., Hnativ P.S. Methods of limiting the loss of nutrient forms of nitrogen in dark-gray pozolenized soil during grain corn fertilization in the Western Forest-Steppe 193

Pravdyva L.A., Vakhnii S.P., Atamanyuk O.M. Influence of abiotic factors and elements of growing technology on the development of diseases in sorghum bicolor crops 213

Pulyk N.V. The influence of microbiological preparations based on nodule-forming bacteria on the formation of the symbiotic system of soybeans 220

Pustova Z.V., Kruszewska J., Jaroszuk-Ściseł J. Application of biological preparations based on Trichoderma fungi in the treatment and prevention of Fusarium wilt and root rot in turfgrass phytocoenoses 227

Ratushnyi Ye.V., Stankevych S.V., Zabrodina I.V. Species composition of mustard pests 238

Ryzhenko A.S., Tsaruk I.V. Productivity of sunflower hybrids of different maturity groups and technological types in the northern Left-Bank Forest-Steppe of Ukraine 245

Svynarchuk O.V. Flowering dynamics, seed productivity, and yield in different species and varieties of buckwheat 253

Serhiienko O.V., Sievidov V.P., Sievidov I.V. Optimization of nitrogen nutrition of eggplant under the influence of biological preparations 261

Ursal V.V., Khodos T.A. Efficacy of pre-sowing seed treatment with biological and chemical fungicidal preparations in the formation of the phytosanitary status of spring barley crops 270

Us V.M. Biological traits of acorn pest Cydia splendana (Hübner, 1799) (Lepidoptera: Tortricidae) in the Eastern Ukraine 277

Chubaryk M.V., Senyk I.I. Effect of fertilization on the formation of crop density in soybean (Glycine max Moench) under conditions of the Western Forest-Steppe 287

Chukhrai R.V. Pests of the order hemiptera in spring barley crops under the conditions of the Right-Bank Forest-Steppe of Ukraine 293

Shevchenko S.M., Derevenets-Shevchenko K.A., Pryshedko N.O., Lemishko S.M. Factors affecting the spread and limitation of winter wheat grain mycobiota in the Northern Steppe of Ukraine 301

Shkatula Yu.M., Jabbarov E.A. Influence of mineral fertilizers on corn productivity 310

ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS 318

Vozniuk R.R., Holubieva T.A., Nedashkivskyi V.M., Sobolev O.I., Poznyakovsky Yu.V. Growth performance of juvenile african catfish (*Clarias gariepinus*) fed diets with different arginine levels 318

Holembovska N.V., Statkevych O.I., Kolomiiets Yu.V., Bal I.M., Kononenko R.V. Mineral value and safety of Hermetia illucens larvae 328

Holosnyi B.S., Pidpala T.V., Kramarenko O.S., Kramarenko S.S. Association of barn ventilation system and parity with reproductive performance of dairy cows 340

Kalynka A.K., Lesyk O.B. Scientific substantiation of transformation processes in Bukovyna livestock breeding: monitoring of dynamics and perspectives of genetic progress 349

Kurdas P.I., Ilchuk I.I. Realisation of the productive potential of Lohmann Brown laying hens at different dietary valine levels 358

Lykhach V.Ya., Lenkov L.H., Melnyk V.V., Zlamanyuk L.M., Bogdanova N.V., Svyrydenko N.P., Faustov R.V., Sanzhara R.A. Factorial conditionality of sexual activity and sperm productivity parameters of Landrace boars depending on ventilation method, age, and season of the year 367

Lunyk A.Yu. Pre-slaughter live weight and its relationship with the chemical composition of the longest back muscle in young pigs of the large white breed of foreign selection 391

Lukhtai O.P., Seba M.V., Kaplunenko V.G. The effect of the use of biologically active substances during the dry period of cows on the biochemical status of their body 400

Nadtochii P.V., Merzlov S.V. Acute toxicity of lucilia sericata larvae biomass enriched with copper on white mice 409

Novgorodska N.V., Voitsitskyi O.V., Komakha K.V. Growth performance of nursery pigs fed wet feed mixtures supplemented with the enzyme preparation "Celozym" 420

Onyshchenko A.O., Humeniuk I.V. Modern technologies for young pig rearing: current status, innovative approaches, and prospects for adaptation in Ukraine 430

Onyshchenko L.V. Efficiency of commercial crossbreeding of Askanian fine-wool ewes with rams of intensive meat breeds 440

Skoromna O.I., Holubenko T.L., Razanova O.P. Modern approaches to evaluating the productive effect of feeds in the nutrition of high-yielding cows 452

MELIORATION AND SOIL FERTILITY 469

Alieksieiev A.A., Razanov O.S., Razanova O.P., Kachynska N.V. Fiber content in the stem mass of cup plant (Silphium perfoliatum L.) grown on different soils 469

Byndych T.Yu., Sherstiuk O.I. Modern approaches to establishing a representative monitoring network for the humus status of soils in Ukraine 477

Burykina S.I., Uzhevska S.P., Rudenko V.A., Zhuk M.M., Dzivinska N.O. Analysis of the current state of knowledge regarding pedobiont mesofauna in the Southern Steppe of Ukraine, countries the Black Sea region. Review article 488

Vradii O.I., Matusyak M.V., Saliamon A.V. Phytoremediation potential of Onobrychis arenaria under radioactive contamination of Polissya 505

Neyko I.S. Protective forest plantings in the structure of agrolands of Vinnytsia region 514

Tsuman N.V., Savchuk O.I., Nasinnyk I.I. Effectiveness of the soil-conservation farming system in a short-rotation crop rotation in the Polissia zone of Ukraine 521

ECOLOGY, ICHTHYOLOGY AND AQUACULTURE 527

Ivaniuk I.D., Andreieva O.Iu., Ivaniuk T.M. Organization of forestry production at enterprises of municipal ownership 527

Tsytsiura Ya.G. Assessment of the temperature stress status of trees using a thermal-imaging photogrammetric image processing method in QGIS 535
