

CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING	3
Vozhegova G.A., Belov Ya.V. Dynamics of cultural biomass accumulation by maize hybrids, depending on density of plants and fertilization under irrigation	4
Voloshchuk V.P., Rakhmetov D.B. Economic and energy efficiency of growing <i>Helianthus tuberosus</i> L. × <i>Helianthus annuus</i> L. in the conditions of the Right-Bank Polissya of Ukraine	10
Gorash O.S., Klymyshena R.I. The dependence of barley spike length on the effects of foliar fertilization by micro fertilizers.....	16
Horbas S.M. The influence of plant growth regulators on black currant reproduction (<i>Ribes nigrum</i> L.)	22
Dudka M.I. Efficiency of growing of fodder production in early spring agrophytocenoses.....	27
Zherebko V.M., Dykun O.V., Dykun M.O. Effectivity of applying of tank mixtures of herbicides in soybean crops.....	35
Zhuikov A.G., Burdiuh A.A. Research of the productivity and quality indexes of hybrids of sunflower of mid-early group at different technologies of growing in the conditions of South Steppe of Ukraine	42
Zymarioieva A.A. Analysis of yield variability of open ground vegetables in Polissya and Forest-steppe ecoregions with in Ukraine	49
Ketskalo V.V., Polischuk T.V. The effect of physiologically active substances on the productivity of root parsley (<i>Petroselinum crispum</i>) in the Right-Bank Forest-Steppe of Ukraine	57
Koloianidi N.O. Efficiency of growing varieties of chickpea on row and wide-row sowing method in use of herbicides	64
Kosenko N.P., Pohorelova V.O., Bondarenko E.A. Characterization of promising tomato samples (<i>Solanum Lycopersicum</i> L.) and breeding varieties of the Institute of Irrigated Farming of the National Academy of Agrarian Sciences of Ukraine	70
Melnyk A.V., Romanko Yu.O., Romanko A.Yu., Dudka A.A. Effect of weather and climate parameters on the crop productivity of modern soybean varieties in the north-eastern Forest steppe of Ukraine	76
Mulyarchuk O.I., Bezvikonnyy P.V., Myalkovskiy R.A. The impact of integrated action argo-measures for white cabbage crop formation.....	84
Nevmerzhytska O.M., Plotnytska N.M., Gurmanchuk O.V., Skolub S.M. Efficiency of application of herbicides in soy crops	90
Pozniak V.V. Economic efficiency of cultivation of winter wheat with the use of Chlormequat-chloride retardant, depending on the seeding rate and fertilization level of the soil	95
Rassadina I.Y. Provision of false flax spring elements of nutrition, depending on features of fertilization	103

Reznichenko V.P., Kulyk H.A., Kovalov M.M. Substantiation of closed resource-saving manufacturing of environmentally sound agricultural products at modern energy independent agro ecological complexes	109
Sakhnenko V.V., Sakhnenko D.V. Survival and development of the grain-beetle (<i>Anisoplia Austriaca</i> H.) on winter wheat using resource-saving technologies in the Forest-Steppe of Ukraine	115
Solokha M.O. Determination of nitrogen rates on the basis of airphotography	121
Stroyanovskiy V.S. Yields of fennel depending on the year of plants vegetation in the conditions of Western Forest Steppe	128
Ternavskiy A.G., Schetyna S.V., Slobodianyuk G.Ya. The effect of absorbent under different mulching materials on the performance of trellis cucumber in the Forest-Steppe of Ukraine	134
Timofeev M.M., Bondareva O.B., Vinyukov A.A. Biogenic farming system – a way to restore soil fertility and crop protection	141
Furman O.V. Duration of vegetation and phases of plants growth and development depending on technological measures of growing	148
Chala N.M. Dynamics of individual growth processes of winter wheat under the use of chemicals and biologicals preparations.....	155
ECOLOGY, ICHTHYOLOGY AND AQUACULTURE	163
Babushkina R.O., Matsko P.V., Shklyar O.D., Garan V.V. Analysis of results of research on current level of atmosphere contamination in Kherson oblast.....	164
Biedunkova O.O., Statnyk I.I., Kuchko O.M. Estimation of estuarine aquatic ecosystem status by a set of indicative and test parameters	173
Breus D.S., Levchenko M.V. Substantiation of theoretical and methodological foundations of transboundary water quality management	182
Breus D.S., Panamarenko A.V., Kostin H.V. Modeling of water-erosion processes on the territory of lower Dnipro basin	189
Breus D.S., Sikorskiy V.V. Current state of public administration in the sphere of environmental protection	196
Kopetchuk O.V. Implementation of EU environmental directives in Ukraine as a way of transformation of the environmental protection sphere	202
Pushka I.M., Velychko Yu.A., Osipov M.Iu., Kozachenko I.V. Ecological and biological features of introduced species of the genus <i>Sedum</i> L. in the conditions of the Right-Bank Forest-Steppe of Ukraine.....	212
Stratichuk N.V. Wind energy resources as the alternative energy source in Kherson region.....	219
Tsurkan L.V., Volichenko Y.N., Kutishchev P.S., Sherman I.M. Dynamics of changes in the basic fish-biological indicators of carp fishing material and vegetable fish as a reaction to climate modern winter south of Ukraine	225
