

CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING	3
Mashchenko Yu.V., Sokolovska I.M. Productivity and economic efficiency of buckwheat cultivation depending on fertilization systems in the conditions of the Northern Steppe	3
Matyukha V.L., Tsyliuryk O.I., Pedash T.M., Semenov S.S. Influence of cultivation technology elements on the incidence of winter wheat septoria leaf blotch under the conditions of the Northern Steppe of Ukraine	14
Marchenko T.Yu., Kosenko N.P., Knysh V.I., Kokoiko V.V., Shablya O.S., Drobit A.S. Influence of technology elements on the yield and quality of carrot roots (<i>Daucus carota</i> L.) under irrigation conditions of southern Ukraine	26
Makarchuk B.M., Gerasko T.V. The influence of local application of biohumus at sowing on the productivity indicators of common spring barley under organic cultivation technology in the forest-steppe of Ukraine.....	35
Liubych V.V., Stotskyi O.V. Economic and relative nitrogen removal with sunflower seed yield depending on fertilizer	43
Liubych V.V., Voitovska V.I. Phytosanitary condition of winter mustard sowing at different sowing rates	49
Kubrak T.M., Melnyk A.V. Influence of varietary features and application of growth regulators on morphological parameters of spring barley plants in the conditions of the northeastern forest-step of Ukraine.....	60
Kravchenko N.V., Mozharivska I. A., Hnitetskyi M.O. Agricultural management and marketing are key factors in increasing the competitiveness of agricultural enterprises	72
Kovka, N.S. Technological features of cultivation of different varieties of oil radish (<i>Raphanus sativus</i> L. var. <i>oleiferus</i> Pers) under the conditions of the Right-Bank Forest-Steppe	78
Kovalov M.M., Sokolovska I.M., Shevchenko O.O. Morphophysiological Aspects of Graft Union Regeneration in Watermelon (<i>Citrullus lanatus</i>) on Wild Cucurbita Rootstocks Under the Influence of Effective Microorganism (EM) Preparations	88
Kliuchevych M.M., Zalevsky R.A., Pasichnyk I.O., Romanchuk L.M., Drozd B.E. Ecological and agrochemical assessment of soil fertility dynamics under intensive agricultural production on the example of Yarunskaya STG in Zhytomyr region.....	100
Klymyshena R.I., Sikora A.H. Dependence of protein content in spring wheat grain on the effect of mineral fertilizer rates under different sowing dates.....	108
Zelenianska N.M., Riabyi M.I. Practical Aspects of Grapevine Sanitation in In Vitro Culture	114
Zhuikov O.H., Kotovska Yu.S. Agroecological assessment, phyto-resource productivity and economically valuable traits of ornamental sunflower hybrids in the conditions of the Southern Steppe	128
Zharko D.A., Sokolovska I.M. Formation of soybean nodules depending on mineral nutrition and biopreparations in the Forest-Steppe of Ukraine	138
Drozdenko A.Yu., Khristenko A.O., Polyvany A.D. Energy value and biochemical composition of potato varieties of different ripeness groups.....	149

Dolia M.M., Kuksa S.O. Peculiarities of Polyphagous Phytophagous Insect Control in Modern Short-Rotation Field Crop Rotations of the Forest-Steppe of Ukraine.....	155
Tkalitych Yu.I., Denysenko A.V. Features of the formation of agrophysical parameters of ordinary chernozem under the influence of technical means used for root-zone fertilization of plants	162
Daniuk V.O., Dryga V.V. Features of the formation of vegetative mass of willow depending on the elements of technology.....	173
Hrabovetska O.A., Petrenko, S.O., Pozdniakov, V.Yu. Dynamics of Vegetative and Generative Development of Coriander (<i>Coriandrum sativum</i> L.) Depending on Sowing Dates	181
Kryvenko A.I., Vakulenko V.V., Kononenko Yu.M. Analysis of the productivity of winter wheat varieties depending on the sowing dates.....	192
ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS	200
Ivanov V.O., Solovyov A.M. Application of feeding stations in pig feeding	201
Zbroj M.L., Ruban S.Yu. World experience and prospects for the use of bioinformatics systems in dairy farming in Ukraine	212
Golubenko T.L., Skoromna O.I. Technological aspects of beef cattle production	224
Holembovska N.V., Israelian V.M., Statkevych O.I., Bal-Prylypko L.V., Kolomiets Yu.V. The potential of edible insects as a new source of bioactive compounds	236
Voitsitskyi O.V. Influence of an Enzyme Additive on the Slaughter and Meat Indices of Fattening Pigs	249
Vedmedenko O.V., Shnaider S.L., Karpenko O.V. Behavioral and working reactivity of service dog breeds during a short-term training cycle.....	261
ECOLOGY, ICHTHYOLOGY AND AQUACULTURE	268
Sakun A.O., Bairachnyi V.B., Novozhylova T.B., Kosenkova I.D. Formation of environmental culture in communities	269
Pysarenko P.V., Samojlik M.S., Galytska M.A., Hryshchenko O.L., Bybyk I.Yu., Sereda B.S. Diagnostics of environmental risks of population health and influence on socio-economic development of regions of Ukraine	274
Dudynska A.T., Romanko V.O., Adamchuk L.O. Synanthropic acaridia mites and their the number in farm buildings in the territory of the Transcarpathian region....	283
Dmitriievitseva N.V. Establishing the impact of pollution with mobile heavy metals on humus content and changes in soil acidity	298
Boiko T.O., Motuzna O.Ye., Panov Ye.O. Conceptual solutions for the use of medicinal plants in landscaping functional zones of the city of Kropyvnytskyi.....	306
Boiko M.O. Anthropogenic load on soil resources in war conditions and directions for their restoration	315
Babenko V.M., Tykhomyrova T.S., Sakun A.O. Application of modern monitoring methods in the study of the processes of destruction of upper soil layers.....	325
Babenko V.M., Bosiuk A.S., Kriuchkova V.V. Monitoring the impact of climate change on the rivers and their adjacent ecosystems in Ukraine.....	334
