

CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING	3
Muliarchuk O.I. Yield of Marketable Products and Biochemical Composition of Vegetable Pea Grain in the Western Forest-Steppe.....	3
Nevidnychi O.S. Modern approaches to the cultivation of <i>Althaea officinalis</i> L. in Ukraine.....	10
Pohyba V.O., Dolia M.M. Features of Yield Formation in Maize Hybrids under the Influence of Soil-Dwelling Phytophagous Insects in Resource-Saving Tillage Systems in the Forest-Steppe of Ukraine.....	18
Rudenko Yu.F., Stolyar S.H., Derebon I.Yu. Economic evaluation of the most common corn hybrids in the central and northern parts of the Zhytomyr region.....	24
Sozykin A.V. Yield and economic feasibility of growing sweet basil varieties depending on the timing and planting density of seedlings.....	33
Sokolovska I.M., Mashchenko Yu.V. Productivity and economic efficiency of buckwheat cultivation depending on fertilization systems in the conditions of the Northern Steppe	39
Stankevych S.V., Shvidenko I.M., Zabrodina I.V., Zhukova L.V., Melenti V.O. Pests and diseases of chrysanthemums in Ukraine: extended overview.....	48
Suiarko B.Ya. Matcha Green Tea Powder as a Functional Ingredient: International Practices and Opportunities for Ukraine.....	56
Ternavskiy A.H., Slobodianyuk H.Ya., Omelchuk S.V., Vasylenko L.S. Some factors of early yield formation of <i>Cucumis sativus</i> L. under Forest-Steppe conditions of Ukraine.....	64
Trius V.O., Murach O.M. Effectiveness of biofertilizers in stimulating the formation of the soybean symbiotic apparatus	72
Furmanets O.A., Lyko D.V., Krayna M.A. Interpretation of soil phosphorus content analysis data which obtained with different methods of its determination	83
Khomina V.Ya., Oliinyk Yu.A. Yield of soybean varieties of different maturity groups depending on sowing methods and seeding rates under the conditions of the Western Forest-Steppe	91
Cherno O.D., Usatiuk O.V. Productivity of different sunflower hybrids at different sowing densities.....	97
Chykin I.V., Hospodarenko H.M. Changes in the agrochemical properties of podzolized chernozem under various fertilization systems in crop rotation	104
Chuhan V.V., Rudik O.L. Growth, development, and grain yield formation of Proso millet varieties under post-harvest cultivation at different seeding rates	111
Shapko M.O., Kuts O.V. The effectiveness of different methods of preparing tomato seeds using organic approaches	119
Shevchenko S.M., Derevenets-Shevchenko K.A., Matiukha V.L., Moroz A.O., Chernykh S.A. Current status, problems and prospects of the use of inoculates and fungicidal antioquicids in pea growing.....	127
Shevchuk O.A., Tkachuk O.O., Vasylynych T.M. Formation of Productivity in <i>Cicer arietinum</i> L. under the Use of Plant Growth and Development Regulators	135

Shyshkin B.M., Zhukova L.V., Stankevich S.V. Analysis of wax and sugar corn hybrids for resistance to adverse environmental factors.....	142
Yurchenko S.O., Palaziuk B.O., Tronko A.V. The influence of biostimulants on the yield of soft winter wheat (<i>Triticum aestivum</i> L.).....	147
Yurchenko S.O., Stepanenko B.V. Formation of grain yield in maize hybrids depending on plant density	158
ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS	169
Koberniuk V.V., Zabrodskiy N.P. Assessment of the effectiveness of index selection of cows in the breeding herd of the Holstein breed of Danish selection	169
Liubenko O.I., Korbych N.M. Combined Use of Vitamins A and E in Quail Nutrition and Its Effect on Reproductive and Incubation Parameters	176
Mamchenko V.Yu., Slyusar M.V. Features of feeding service dogs during searching for people under rubble.....	183
Nevmerzhytskyi D.V., Verbelchuk S.P., Verbelchuk T.V. Optimization of technological parameters for organic food egg production in the Zhytomyr Polissya region.....	191
Ovcharuk V.I., Ovcharuk O.V., Ievstafieva I.M. Influence of sowing times and variety of fodder beet on phenological phases of plant growth and development in the conditions of the right-bank Forest-Step of Ukraine	205
Prylipko T.M., Betlinska T.V. The impact of stress on the milk performance of cows	213
Tkachuk V.P., Kostash V.B., Prylipko T.M. Production check of the optimal dose of feed probiotic supplement «Biomagn» in the diet of calves	218
ECOLOGY, ICHTHYOLOGY AND AQUACULTURE	223
Samoilenko N.M., Gadieva Yu.S., Titarenko A.I. Biodegradation of polylactide waste and composites based on it by local microorganisms.....	223
Sebko V.V., Nus I.B., Novozhylova T.B. Multi-parameter method for monitoring wastewater parameters of vegetable canning enterprises	233
Semeniuk S.K., Motuzna O.Ye. Selection of an assortment of plants of various functions for landscaping of preschool educational institutions.....	243
Sydorak R.V. The effectiveness of introducing reared juvenile white Dniester crayfish (<i>Pontastacus eichwaldi bessarabicus</i>) into the natural water area of Lake Kugurluy.....	251
Taranenko A.O., Troian B.M. Analysis of wetland carbon services in the context of climate change	259
Trus O.M., Kharytonenko H.I., Rizak G.V. The Use of Nanotechnologies in Developing Environmentally Safe Materials for Ukraine's Industry	270
Chykyriakin K.V., Shestopalov O.V. Approaches to quantitative assessment of environmental culture level: formation of an integral index	281
