

CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING.....	3
Aleksieievych T.M., Zalevskyi R.A., Kliuchevych M.M., Venher O.V., Pasichnyk I.O., Vyhera S.M. Trends in thermal resources and phytosanitary risks associated with grape cultivation in the Forest-Steppe zone of Zhytomyr region.....	3
Balabash V.S., Drobit O.S. Photosynthetic potential and seed productivity of Brassica Napus L. under the application of biological preparations and irrigation	11
Berdin S.I., Baranik D.A., Morozov A.Ye. Morphological and productivity-based classification of potato tuber nests based on marketability for integrated yield structure assessment.....	20
Viter N.G. Impact of field protective forest belts on corn productivity in conditions of climate change	27
Volenshchuk Ye.V., Vinyukov O.O., Bondareva O.B. Influence of microbiological preparations on biometric indicators and yield of spring barley in the conditions of the Northern Steppe of Ukraine.....	35
Horash V.O. Dependence of spring barley plant development on the influence of mineral fertilizers at the initial stages of agrophytocenosis formation.....	41
Dobrovolskyi A.V., Honcharenko Ye.V. Characteristics of water consumption in spring barley depending on variety and optimization of nutrition in the Southern Steppe of Ukraine	50
Donets A.O. Cob biometrics in maize hybrids of different FAO groups under constant cropping and protection systems against segetal vegetation.....	58
Zhyhailo D.S., Marchenko T.Yu., Mishchenko S.V., Lavrynenko Yu.O., Marchenko V.D. Formation of the yield structure of winter pea varieties (<i>Pisum sativum</i> L.) depending on the elements of agrotechnology in the conditions of Southern Ukraine	70
Zalievskyi M.Yu. Dynamics of the Main Insect Pests of Winter Wheat in the Right-Bank Forest-Steppe of Ukraine	81
Ketskalo V.V., Shchetyna S.V. Seedling Age as a Factor in the Productivity Formation of Leafy Vegetable Crops	87
Kozechko V.I., Yakubenko Yu.L., Pryshedko N.O., Rudakov Yu.M., Ivanchenko O.M. The effect of micronutrients on the elements of sunflower yield structure.....	93
Kozyrev V.V., Danchuk O.V., Grafov A.V., Zherebchuk S.V., Zhygaylo T.S., Piliarska O.O. Evolution of phytoremediation research: from heavy metal removal to microbiome-assisted nature-based solutions.....	100
Kuznetsova O.V. Impact of climate change on urban lawn ecosystems	118
Laslo O.O., Marinich L.H., Shakalii S.M. Justification of autumn herbicide protection of winter wheat crops.....	125
Molnar A.I., Dolia M.M., Nemerytska L.V., Kravchenko Yu.O., Vorokh V.V. Formation of modern entomocomplexes and their control in sowings of forage and field crops under no-till technologies in the Forest-Steppe of Ukraine	132
Panfilova A.V., Koshkin D.L. Methodology and empirical verification of inter-source consistency of agrometeorological data	139

Panchyshyn V.Z., Matviichuk B.V., Savchenko V.M., Svitelskyi M.M., Zhuravska I.A. Yield performance of tomato varieties under protected cultivation conditions.....	149
Parakhnenko V.G., Lyakhovska N.O., Kravets I.S., Berezenko K.S., Honcharuk V.V., Mandebura S.V. Invasive flora in forest management: spread, ecological impacts, and control measures.....	157
Piddubna A.M. Horticultural Therapy and Therapeutic Gardens in the Context of Contemporary Scientific Approaches, the Development of Plant Environments, and Prospects for Application in Ukraine.....	163
Polishchuk V.V., Seletsky V.P. Features of organogenesis, productivity and seed quality of sugar beet in the system of agrotechnical factors.....	170
Sydiakina O.V., Hamaiunova V.V. Current state of species, variety-hybrid composition, and yield levels of pumpkin in Ukraine	176
Simchuk A.P., Zaika V.K., Husak V.V., Shelenko D.I., Dmytryk P.M. The influence of environmentally safe preparations on the formation of buckwheat productivity	183
Stelmakh O.M., Melnychuk T.V., Hryhoriv Ya.Ya., Medvid B.M., Kurlyanova I.I. Productivity of Winter Rapeseed under Improved Cultivation Technology Elements in the Conditions of the Precarpathian Region	190
Uhrin O.M., Bidnyna I.O. Comprehensive assessment of pre-sowing seed inoculation efficiency in modern soybean varieties under the conditions of the Southern region of Ukraine	199
Shendryk K.M., Zapolska H.M., Storozhyk L.I., Zavgorodnia S.V. Fungicidal regulation of causes of leaf diseases of sugar beet under abiotic stress.....	209
ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS	218
Holosnyi B.S., Pidpala T.V., Kramarenko O.S., Kramarenko S.S. Age-related variability of dairy productivity of cows under different barn ventilation systems.....	218
Kalitaev K.K., Lykhach A.V. Patterns of changes in the reproductive performance of sows depending on parity number	231
Koshytska N.A., Protchenko L.V. Monitoring the quality of Ukrainian hop products...	246
Lesik O.B., Kalinka A.K. Genetic potential and economically useful traits of planned sheep breeds in Bukovyna conditions	254
Lykhach V.Ya., Lenkov L.H., Otchenashko V.V., Melnyk V.V., Zlamanyuk L.M. The effect of the complex feed supplement “Gepasorbex” on growth rate, blood parameters and sperm productivity in boars of the large white, landras and duroc breeds	261
Nevmerzhytskyi D.V., Verbelchuk S.P. Improvement of the housing system for laying hens in organic table egg production.....	276
Ovcharenko O.O. A comprehensive analysis of the effects of heat stress on the biochemical stability, organoleptic properties and mechanisms of bitterness formation in cow’s milk	288
Chornyi D.O., Razhanova O.P. Effectiveness of the application of autumn feeding of bees with probiotics during the preparation of bee families for winter.....	306

MELIORATION AND SOIL FERTILITY	315
Dehtiarov Yu.V., Konshin R.V. Physico-chemical indicators of militarily degraded chernozems in the Left-Bank Forest-Steppe of Ukraine.....	315
Klimchenko N.O. Improvement of Land Management as a Tool for Ensuring the Effective Functioning of Land Reclamation Systems in Ukraine under Modern Challenges	324
Nonik L.Yu., Davydova I.V., Kynytska M.S. Ecological functions of forest plantations and criteria for their effectiveness in the biological reclamation of land disturbed by open-pit mining.....	331
Tkachuk O.P., Hutsol G.V. Scientific approaches to phytoremediation of soils contaminated with oil products	339
FORESTRY AND HORTICULTURE MANAGEMENT	345
Osipov M.Yu., Polishchuk V.V. Current State and Prospects of the Use of Species of the Genus Hydrangea in Urban Green Space Development.....	345
Pushka I.M., Kozachenko I.V. Biomorphological structure and ecological-biological substantiation of the plant assortment of rock gardens in Cherkasy region	355
Siruk Yu.V., Siruk I.M. Correspondence of the Productivity of Modal Forest Stands to the Indicators of Reference Forests of Ukrainian Polissia.....	362
